Personal Interview is worth 20% of the competition Presentation is worth 10% of the competition Evening Gown is worth 20% of the competition On-Stage is worth 10% of the competition, Talent is worth 40% of the competition, each category has a weighted percent For example, the maximum total of any one category is 500 points with 5 judges. So interview would be calculated as follows ( $500 \times .2 = 100$  Points)

If you scored a perfect 500 points 100 points would contribute to the overall score that is ranked in the pageant for that category.

### **PERSONAL INTERVIEW**

General Appearance- Personality-  
Ability to Communicate- Answer Content-  
Total points  
0 to 25 Points  
0 to 25 Points  
0 to 25 Points  
0 to 25 Points  
100 possible points per judge

The purpose of Personal Interview is to place the contestant in a situation answering different types of questions and judging how they will react to their diversity. The context of the answer is important but more important is how the contestant conveys that answer. Eye contact with all the judges is very important, not just the judge who has asked the question. The contestant should answer the judges' questions and do not get involved in getting the opinion of the judge. The contestant is judged on the presentation of thoughts. The contestant should look comfortable in properly fitted attire, but not to the point of sloppiness. Points will be deducted for ill-fitting clothing, the outfit, scuffed shoes, too much jewelry, wrinkled, torn, or soiled clothing, buttons missing etc., and/or anything that distracts from the outfit to make it unsightly. The contestant is judged on the look that the contestant has chosen for herself. Usually, trendy outfits do not appeal to the judges, just as they may not appeal to the average interviewer. The key word is average but sharp in appearance. The contestant will be trying to impress and appeal to different types of judges. The interview category should last no longer than eight (8) minutes.

The Personal Interview category allows you to present yourself out of character to the judges. In the duties of Miss Gay America Femme, you will most likely have to work out of character, registration, contestant orientation and judges' orientation therefore a professional image is just as important as a professional image in your character persona. In fact, as the reigning Miss Gay

America Femme, you may be asked to assist in obtaining national sponsors or conduct other official business as a representative of the Miss Gay America Femme pageant system and the Personal Interview category will help the judges determine your effectiveness.

The eight minutes of Personal Interview can be the worst experience of the competition, or you can make the Personal Interview competition a fun, informative talk with the judges to allow them to get to know you.

There are four (4) subcategories, noted below, that comprise the 100 possible points of the Personal Interview category. This article will hopefully provide direction to you as a contestant concerning this category and how to realize maximum points.

The interview portion accounts for 20 percent of the total score. The score will be calculated by  
(Total Score x .2 = Ranked Score)

Personality- 0 to 25 Points

Ability to Communicate- 0 to 25 Points

Answer Content- 0 to 25 Points

Total Points - 100 possible points per judge

The general appearance subcategory allows the judges to score based on your total look. You should dress as if you are going to a professional job interview it is suggested that you wear something professional in appearance.

Questions you should ask yourself to ensure maximum points include: Does the suit and tie complement each other?

Is the suit soiled?

Are the clothes wrinkled?

Do the clothes fit? (Too big? Too small?)

Are the shoes scuffed? Are the shoes polished?

Are shoes too casual for the outfit?

Is the hair neat?

Is your jewelry appropriate?

### Personality

This is the time to show your personality to the judges. Please remember that an overbearing personality might not score well with the judges. Allow the judges to maintain control of the interview with you answering their specific questions but be sure to insert personality into your interview. Your interview should be comfortable and conversational.

Questions you should ask yourself to ensure maximum points include: Are your interview skills too conservative?

Are your interview skills too rehearsed?

Are your interview answers too boastful?

Is your interview too timid and/or shy?

Do you have a nervous laugh?

Are your answers sincere and to the point?

Do you tend to ramble without directly answering the question?

Is your true persona shining through, if not, judges will most likely detect a “false” interview.

Ability to Communicate- 0 to 25 possible subcategory points

This subcategory allows the judges to score you based on your communication technique and abilities.

Questions you should ask yourself to ensure maximum points include: Do you properly enunciate your words?

Do you speak too fast? Too slow?

Do you seem too arrogant?

Do you seem too shy?

Answer Content- 0 to 25 possible subcategory points

While we generally say that there is no correct or incorrect answer, the judges will most likely be able to determine if you are dishonest in your answers. You should be prepared to answer administrative type questions, in detail, to show the judges that you are prepared for the job of a Miss Gay America.

Questions you should ask yourself to ensure maximum points include:

Is your biography too lengthy? (your biography should include brief statements concerning your past, present, and future). Any lengthy elaboration concerning your biography should come from a question asked by a judge.

Are your answers too “closed ended”?

Are you familiar with the Miss Gay America system regulations in order to effectively answer administrative type questions?

Do you ramble in your answers?

Please keep in mind that the purpose of Personal Interview is to allow the judges to get to know you while seeing your ability to communicate and your knowledge of administrative skills.

We are questioned quite often regarding the appropriateness of a contestant bringing a resume' to the interview. The judges may not mind receiving a resume' and photo from you however since the interview is only eight minutes, they will not have time to review your resume' while they are scoring you. Our recommendation is that if you feel the need to provide the judges with a resume, do so at the end of your interview, so as not to consume any of your interview time with distribution. Your interview time begins as soon as you enter the room, therefore time is limited, so use it wisely.

We are also asked if it is appropriate to shake hands with the judges, at the beginning of the interview. Our advice to you is that if you feel that you must shake the hand of the judges, do so at the conclusion of the interview. Some judging panels may not wish for contestants to make physical contact with you, in which case your promoter will advise of any limitations that exist, concerning the judges.

At the beginning of the interview, the Lead Judge will ask you to be seated and provide a brief biography. Please keep your biography brief and to the point, and again, be sure to include past, present, and future statements. Many judges prefer to ask questions derived from statements you make in your biography; therefore, you should be prepared to answer a wide variety of questions.

The panel of judges will not be provided with specific questions to ask, they may ask administrative questions, or situational questions. Judges are instructed, not to ask questions of a religious or political nature. If you decide to talk about these subjects they may continue the conversation.

In summary, Personal Interview, if prepared for, can provide positive results. We recommend that you gather a group of individuals to assist you with preparation for Personal Interview. While we recognize that the process is "un-nerving", you can make the experience a pleasurable conversation with the judges. This is just one of five categories in which you must score well, to become the next Miss Gay America Femme, therefore we suggest that you begin your preparation today, in order to realize the success in scoring that you would like to see from a good Personal Interview.

### **Presentation**

Creativity- 0 to 25 Points

Relativity to theme- 0 to 25 Points

Modeling- 0 to 25 Points

Construction of Costume- 0 to 25 Points

Total points - 100 possible points per judge

At the national pageant on final night, after the top 10 are announced following the opening production, only the top 10 contestants will be judged in "Presentation". The top 10 contestants will remain on stage and be called forward one at a time to present their "Presentation costume to the judges. The costume should be in theme with what the reigning Miss Gay America

Femme chose for that year's pageant. Miss Gay America Femme will communicate that theme to the judges about what was communicated to the contestants for that year. Costumes that are made or made to be original will score higher in originality and creativeness.

#### Presentations costume guidelines

1. Must be worn so that the contestant can walk on to the stage without assistance.
2. Presentation costume may not have wheels or supports that rest on the stage.
3. Costumes may have lights or motorized parts but must be battery operated. No power or extension cords should be required to power costume components.

The city, State, or Regional Titleholders must provide a written description of their theme. This should be provided to the promoter in enough time to communicate it to the potential contestants if it will be a judged category. State and Regional presentation descriptions can be posted to their section of the Miss Gay America Femme website and should be shared on social media so all participants understand what is expected.

In a City, State or Regional that have an elimination round to a top group. That top group will be judged on their "Presentation" Costume. If there is no elimination round all contestants will be judged on "Presentation" after the opening number.

Judging on "Presentation" should move along quickly and each contestant should have no less than 1 minute to show the judges their costume and not more than 1 to 1.5 minutes.

Presentation will account for 10 percent of your total ranked score. It will be calculated (Total score x .1 = New Ranked score)

#### **Evening Gown**

Suitability for Evening Gown- 0 to 25 Points

Suitability of Hairstyle- 0 to 25 Points

Presentation (Modeling Technique, Poise, Smile, Etc.)- 0 to 25 Points

General Appearance (Make-Up, Shoes, Gown Condition, Accessories)- 0 to 25 Points

TOTAL POINTS - 100 possible points per judge

Evening Gown will be the most elegant apparel of the pageant. It should complement the contestant's figure. It will be a statement of the contestant's style and taste. The dress and accessories should be in perfect condition. It is the contestant's responsibility to take care of the gown and keep the gown in perfect condition for the duration of the pageant. The hem of the gown should be even unless the style of the gown is an uneven bottom. The gown should be lined or have a slip underneath. The judges should not be able to see through any part of the gown unless that is the style of the gown. In general, the gown length should be a full-length gown, (either to the top of the toe part of the shoe or approximately 1/2 inch above the floor, unless the style of the gown warrants different measurement i.e. ballroom style gown or tulip-contoured styled gown). There should be no break in the hem of the gown (it should hang straight.) The sleeve should be no shorter than the wrist and no longer than an inch below the

wrist unless the design of the gown sleeve is longer. Jewelry should accessorize and not be overpowering. Shoes should match and complement the gown. Shoes should not be scuffed, worn at the toe or heels, and not seen to bend under the weight of the contestant. Modeling should be a slow easy pace, touching the three points that form a triangle. At each point, the contestant will make a slow turn, facing the back of the stage, pause, and turn to the front of the stage. Modeling can be “free-style” (no boundaries i.e. no hand gesture limitations in your modeling presentation) however one should keep in mind the “mood of elegance” during your presentation. “Overstated presentation” of evening gown may not appeal to every judge. Each contestant will model their evening gown for a minimum of 2 minutes but not greater than two and one-half minutes. If a judge wants a closer look, they can motion the contestant to the judge’s table. Hair should be appropriate for eveningwear and compliment both the contestant and the style of the gown. Hair can be in any style, including either an “up-style” or “down-style” provided it is complimentary to the overall look of the contestant. Hair jewelry is discouraged as it may not appeal to every judge. If a contestant is selected as a Top 10 finalists, she has the OPTION to alter/change her “final night” evening gown competition package from that which was presented during preliminary night evening gown competition. Tattoos can be visible during the evening gown competition but may be distracting to a look and individual judges may score on your overall look and image.

A Fitting Gown- Sequins/Beads vs. Fabric or Hair-up vs. Hair-down.....

(An article, written by MAD ANGEL Entertainment, published in “The Excellence” Newsletter)

As many of you are preparing for your preliminaries, you must ask yourself many questions about your competition package to ensure that you do not lose any points, for every point matters, therefore you should look for ways to improve your overall competition package to ensure that you are not giving “point advantage” to your competitors.

One of the most common questions that we continue to receive is concerning evening gown. We are constantly asked if, during Gown Competition, do we prefer a sequined/beaded gown, when compared to the fabric gown. Our answer is always that it is not necessarily what we prefer to see in Gown Competition, as we are not the judges however, we are of opinion that either can be very elegant or compliment a contestant. Also, either can be harmful to the overall score of the contestant. The answer to the question of beaded or fabric is not clear and should not be given as a “blanket answer”. It all depends on the contestant. The Miss Gay America system is known for being the best of the best and while most of the winners have won with beaded/sequined gowns, we see times changing and more often, we see contestants competing (especially in preliminary contests) in fabric gowns during competition (some with success and some without). We caution that careful consideration should be made regarding gown selection. We have heard many state that a particular style gown is not suited for the “Miss Gay America system” when in fact it may not be the gown that is the issue but rather the contestant. A gown in and of itself can be a very elegant creation...until it is placed on the contestant, then it takes a personality of its own.

## **On-Stage Interview**

Personality- 0 to 25 Points

Poise- 0 to 25 Points

Ability to communicate- 0 to 25 Points

Answer content- 0 to 25 Points

Total points - 100 possible points per judge

The On-Stage Interview category allows you to present yourself and communicate to the audience. This category will show your ability to communicate to an audience and the ability to answer a question. Public speaking is a very important part of the job as a Miss Gay America Femme, not only during your reign but after your reign as many will call upon you, as the most recent former Miss Gay America Femme, to emcee their contest therefore it is strongly recommended that you obtain as much experience as possible, to emcee.

It has been said, that sometimes, questions for On Stage Interview are too serious or too difficult to answer. We stress to you that a Miss Gay America Femme must be a well-rounded, "best of the best" contestant and this category is just one of five, designed to prove that you are not only well rounded, but are truly, one of the very best in your craft. Questions asked will vary so you should be prepared to answer most any question, except for those that are political or religious in nature. Your choice to answer your question in terms of politics or religion is up to you...

It is also thought that it is difficult to inject personality into the answer of a serious On-Stage question. This is true, but it can be done. You must find ways to make your Stage Interview more appealing to the judges, such as changing voice tones, speaking with passion during your answer and showing enthusiasm. Remember, judges usually see through a phony answer, so keep it "real".

Scoring should be based on personality and poise, the ability to communicate on a microphone in front of an audience, and the context of the answer in relation to the topic given.

The On-Stage Question accounts for 10 percent of your overall score. This is calculated as (Total score x .1 = new ranked score)

Personality (Professionalism)

This sub-category is how your personality comes off while speaking to an audience. Are you confident, honest, and comfortable in front of an audience? Does your personality carry through from interview?

Poise

This sub-category is about your posture, are you standing confidently, eye contact with the judges and audience. You may lose points if you are slouching or fidgeting while on stage.

Ability to Communicate

This sub-category is your opportunity to clearly communicate with the audience. You are not only scored on what you say, but how you say it...

Questions you might wish to ask yourself to ensure maximum points are: Is your interview too conservative?

#### Answer Content

This sub-category is your opportunity to clearly communicate the answer of the question, to the judges and the audience. While we generally say that there is no correct or incorrect answer, the judges will most likely be able to determine if you are dishonest in your answers or if you have not answered the question. You should answer the question that is asked and do not elaborate on issues that are unrelated to your question.

Preparation for this category, as in all others is very important. Perhaps you could get others to rehearse with you, the On-Stage Category. Perhaps you can emcee a show as often as possible. While it is recognized that sometimes you, as the contestant, might experience “stage fright” during On Stage Question, the more experience you have as an emcee, the less likely you are to “freeze” during this category.

In summary, the On-Stage Question category, though very simple in description can become quite complex, considering your question is unknown therefore you, as the contestant are encouraged to become well versed on many issues, to better prepare you for this category. Again, we recommend that you gather a group of individuals to assist you with preparation for On Stage Question. This is just one of five categories in which you must score well, in order to become the next Miss Gay America Femme, therefore we suggest that you begin your preparation today, in order to realize the success in scoring that you would like to see from good communication through the On-Stage Interview category....

#### **Talent**

Showmanship and Set Design- 0 to 25 Points

Choreography (Physical Coordination and Stage Presence (Including Dancers)- 0 to 25 Points

Quality (Lip-Sync, Live Vocal, and/or Other Entertainment)- 0 to 25 Points

Originality and Entertainment Value- 0 to 25 Points

Total points - 100 possible points per judge

Talent is the highest point category in the pageant. Contestants will be judged on their quality of lip-sync, live vocal, or other entertainment. Judges will be looking to see if the contestant knows the words to their song and finishes each word. Just knowing the words is not enough. The contestant should also look as if they are singing the song. Is it believable? If it is a live performance, is the talent of good quality? If there is choreography, the dancers should know the steps and the steps should flow. The contestant should not attempt to do something that is beyond their talent. If dancers or actors are used in the presentation, they should not “upstage” the contestant. The contestant is responsible for the performance of others. If a member of the dance team does not know their dance, points will be deducted from the score. Quality of set

design and construction will be judged. Quantity of set is not judged. Do not put something on the stage that is not going to be used or does not have relation to the talent. Contestants are responsible for their sets. If it falls apart or collapses on stage, points will be deducted from the score. Costuming and set design should reflect the mood one is trying to establish. Always examine your presentation for entertainment value. Does it please, cause laughter, sadness or stir some other emotion? Talent presentations will be limited to six (6) minutes. No score will be given in the talent category for any presentation over six (6) minutes in length. Talent presentation music / video must be on a high quality CD-R or Flash Drive and must be the only item burned onto the CD / Flash Drive. The following must be either written (with permanent marker) on the face of the CD or there should be a "standard CD label" that contains the following:...Talent, "Name of Contestant", "Name of Talent Presentation" and "Track #\_\_\_". The CD must be submitted in a standard CD case. The standard CD case label should contain the following:... "Name of Contestant", "Contestant # \_\_\_", "Name of the Talent Presentation: \_\_\_\_\_" and "Track #\_\_\_". Prop set-up time will be limited to three (3) minutes. Prop set-up time is not included in the six (6) minute limit contestants are allowed for talent competition. One (1) points will be deducted from the administrative score if prop set-up is over three (3) minutes. If a contestant is selected as a Top 10 finalist, she has the OPTION to alter her "final night" talent competition package including music / video.

#### A Winning Talent....

The category of talent is the highest scoring category within the Miss Gay America pageant system. Some contestants tend to primarily focus on this category to ensure the maximum number of points, in effort to win a competition when in fact, consistently high scores in each category is what usually yields the winner. Concerning talent, you name it, and we have seen it but there remain many untapped sources of originality. The talent category is designed to showcase your ability to entertain, coordinate costume and create stage set-up that will be entertaining to both the judges and the audience. Very few have been successful in being a "one-man band" during talent, but it can be done.... One does not need to have a huge production to be successful, but if you choose to compete with no-one or nothing but you (the contestant) on the stage, it must be quality enough to sustain scrutiny of the judges. Because you are allowed six (6) minutes, does not necessarily mean that you should take the entire time allowed for your talent presentation. We have heard some judges comment that some talent presentations should be greater in length, while others should be shorter in length. When selecting a talent, you need to understand the sub-category scoring and be sure that you will score well when subject to the scrutiny of the judges. It has been said, many times, that the outcome of a contest might have been totally different with a different panel of judges however your goal should be to select a talent that will score well with any panel of judges (from all races, genders, and backgrounds). This is not so easy to accomplish but rest assured that if you consider your talent presentation based on the subcategory scoring components, you will score higher.

We have detailed below the sub-category descriptions of the Talent category and have noted questions that you might wish to ask yourself when selecting a talent. Remember, that in any phase of competition, your choice of what you will do in that category should appeal to most of

the panel of judges. You may wish to think of your talent for the values noted below, then consider if the talent selection would appeal to most people.

The Talent Category accounts for 40 percent of your total score. This is calculated (Total score x .4 = New ranked total)

#### Showmanship and Set Design

What is the look of the set design?

Does the set design compliment the theme of your talent?

Does the set design compliment the stage?

If props are on stage, will they be used (example: why have a chair in your set design if it does not compliment the theme of your talent, nor will it be used by you during the talent?)

Are the costumes appropriate for the talent (including dancers, if used)?

Are costumes properly fitted? (Any flaws in the costume, including ill-fitted costumes should cause point deduction, including that of the dancers)

Is the music professionally mixed?

Do songs used in your mix relate to your talent?

Does your talent tell a story that you want to tell?

#### Choreography

Physical Coordination and Stage Presence (Including Dancers) Is choreography appropriate for the talent?

Do dancers, "out-stage" the contestant?

Do dancers have good "chemistry" with each other?

Do dancers have good "chemistry" with the contestant? Does the choreography flow?

Is each dance move fully executed?

Is your choreography too repetitive?

Does the appearance of the dancers complement each other (example: a very tall dancer and a very short dancer usually look odd on stage, while together)?

Do dancers know the routines (as their mistakes become point deductions of the contestant)

Is your talent so energized at the beginning that the judges will lose interest toward the end of the presentation?

Is your talent so energized at the beginning that you (or your dancers) loose energy at the end?

If live vocal, have you inserted movement with your song?

#### Quality

Lip-Sync, Live Vocal, and/or Other Entertainment. Do you know your words? (Look as if you are singing)

Do your dancers know their words?  
Do you or your dancers “over dramatize” the words?  
Do you or your dancers “under dramatize” the words?  
If live vocal, do you sing on key? On beat?

Is there any offensive language in your Talent that might cause a judge to discount points because of the offensive language?  
If you are imitating a character...do you look like the character? Do you act like the character?  
Originality and Entertainment Value  
Is your talent truly entertaining?

Does your talent stir emotion (laughter, sadness, etc) Is the length of your talent too long?  
Is the length of your talent too short?  
Is your talent Original?  
If not, did you make it your own?  
If it’s an impersonation, did you add to the production value?

Whatever your talent, be sure that it is entertaining. Many contestants might score well in all subcategories of Talent, except for the value as entertainment subcategory, and this could be crucial to your overall scoring in the pageant.

Talent is a very difficult category of the competition as the contestant must choose if the talent, is fitting to their capability as an entertainer. Too often contestants go for a quantity stage presence and get lost in the production. It is important to remember that any point deductions can accumulate and cost you the contest therefore the smallest of details should be reviewed to ensure that you are not losing points. Just because you are entertained by a particular talent does not mean that others will be, therefore it is a good idea to consult with many who will give you their honest opinion about your talent presentation. Talents is to showcase the contestant’s ability to entertain an audience, including stage presence and production, so as with any presentation, choose wisely to ensure that the talent presentation and your ability to execute your presentation, will be pleasing to the eye and ear.

### **Score Sheet Instructions/Score Sheet Manual Tabulation Instructions**

The standardized score sheets will be provided to promoters. A starter book is available on the portal as well as an electronic format, in the form of Excel or Google Sheets. There are no other score sheets allowed. Promoters may use an “approved” (by MAD ANGEL Entertainment) and tested tabulation program, provided the format mirrors the process noted within these score sheet instructions. The Miss Gay America Femme, upon request, has available, a tabulation program that may assist larger preliminary pageants, with the scoring tabulation. Miss Gay America Femme shall remain, ultimately, responsible, to ensure that the tabulation process mirrors that noted in the Score Sheet instructions. The following are general instructions, to completing the score sheets.

## GENERAL INSTRUCTIONS:

Once the Judge has completed the Judges Worksheet (with scores including sub-category, total scores and comment), the scores that are noted on the Judges Worksheet, should then be transferred to the Score Sheet. That is, the scores noted on the score sheet should mirror those noted on the Judges Worksheet. The Judges Worksheet Comments should also be completed in detail, to provide the contestant with a constructive critique session. (It should be noted that the Judges Worksheet, is subject to review at any time by the Promoter, Miss Gay America, MAD ANGEL Entertainment, or any other person designated, by MAD ANGEL Entertainment, to serve in official capacity of the Miss Gay America pageant system).

1. Add each column on the Category Score Sheet.
  - a. You should have one score sheet, per category, per judge.
  - b. Make sure that the Subcategory Score does not exceed the allowed “possible subcategory scores”. (Example: Evening Gown Suitability subcategory maximum score is 25 points therefore the subcategory score noted by each judge, for this subcategory should not exceed 25 points)
  - c. Be certain that the Total Score, for each contestant does not exceed the “total score” allowed. (Example: The total possible score for the Evening Gown category is 100 therefore the total score, per judge, should not exceed 100 points)
2. Transfer the Total Score from each judge, for every contestant, onto the Category Sub-Master Score sheet.
  - a. Make sure that the Total Score, per judge, does not exceed the Total Possible Score, per category (example: The total possible score for the Evening Gown category is 100 therefore the total score, per judge, should not exceed 100 points)
  - b. Be certain that the Total Score, accumulative of all judges scores, does not exceed the Total Category Possible Score times by the number of judges. (Example: The total possible scores for the Evening Gown category is 100 points per judge, therefore the total score for a contestant in the Evening Gown category should not exceed, 500 points, considering a panel of five (5) judges)
3. Transfer the Total Score (sum of all judges), to the Master Score Sheet
  - a. Make sure that the Total Score for each category, per accumulation of all judges category scores, does not exceed the Total Possible Category Score times the number of judges (.example: The total possible scores for the Evening Gown category is 100 points per judge, therefore the total score for a contestant in the Evening Gown category should not exceed, 500 points, considering a panel of five (5) judges).
  - b. Be sure that the Total Score (of all judges scores) does not exceed the Total Possible Category scores multiplied by the total number of judges.(example: if all five categories are used, the total possible score, per judge, as a sum of all categories should not exceed 500 points per judge, therefore the total score, as a sum of all of the judges scores (per contestant) should not exceed 2500 points, considering a panel of five (5) judges.

Other Score Sheet Helpful Hints, to ensure a fair contest include:

1. The tabulator should be clearly reminding that the scoring results are to remain strictly confidential and ONLY be discussed, after the pageant, by the panel of Judges and the reigning Miss Gay America.
2. Be certain that each judge has signed and dated the score sheet.
3. Make sure that Administrative Point Deductions are communicated with the tabulator and a list of Administrative Point Deductions are posted with the Master Score Sheet at the conclusion of the contest.
4. Make sure all corrections have been initialed by the Lead Judge and the Judge who initiated the error.
5. Carefully review the score sheets for biased scores... (example: one judge is scoring a particular contestant very high while the others are scoring a particular contestant low...or vice versa). If one judge is scoring far off base, when compared to the scores of others, they must be able to justify their scores. If they are unable to justify their scoring, consideration should be made as to not using the judge's scores, in the total accumulative score and removal of that judge, from the panel. (It is recognized that one judge may, in general, score a "great" category presentation very high, while another judge may, in general, score a "great" category presentation low, however, if that contestant category presentation is "great", then most likely said presentation will usually be among the highest scores for both judges... and vice versa)
6. Review the scores to be sure that the entire panel is scoring appropriately (this can be validated by either the promoter or the reigning Miss Gay America observing the contest, then comparing the observation to the actual scores posted)
7. If there is question, concerning the score that was posted to the score sheet, you should refer to the Judges Worksheet and the Judges Worksheet Comments, as the scores noted on the Judges Worksheet should mirror those scores noted on the Score Sheet and the Judges Worksheet Comments should support the score.
8. Be certain that the Tabulator has signed each score sheet.
9. Make sure that the reigning Miss Gay America, has signed as the "Second Party Score Verifier".
10. Inform the judges, as a group of certain issues that need to be remedied, to realize a smooth contest, however specific issues should be addressed with a particular judge, in the presence of promoter, Lead Judge or other official representative of MAD ANGEL Entertainment.
11. The tabulation process should immediately begin after each category has concluded. If contestants are divided into groups, then the tabulation process should immediately begin after a particular group has concluded a category.
12. If there are more than 6 contestants, promoters are strongly encouraged to have two score sheets for each category, each containing one half of the contestant numbers. Then, when one half of the contestants have completed the category competition, the score sheets should be collected, and the tabulation process should immediately begin.

At the request of the Promoters, to MAD ANGEL Entertainment, the official version of the Score Sheet Automated Tabulation program can be utilized, rather than the manual score sheet

tabulation. It should be noted however, that all the above helpful hints and instructions should be followed to ensure there are no tabulation errors.
